3. RATIONALE AND PURPOSE OF THE SCHEME

3.1. SSFL is primarily engaged in the business of unsecured lending and CFL is primarily engaged in the business of secured lending. RBI, through its recent guidelines, has revised the minimum qualifying asset threshold for NBFC-MFIs from 75% to 60%. This regulatory shift offers greater flexibility in diversifying into secured and non-microfinance asset classes for NBFC-MFI. The Scheme will enable integration of the business activities of the Companies under a single entity and is thus expected to provide opportunities to unlock potential synergies. This will help to achieve optimal and efficient utilization of capital; enhance operational and management efficiencies; and have a simplified organizational structure. The 60% qualifying asset threshold allows the combined entity to offer a wider range of products to customers that meet their life-cycle needs, including loan against property, business loans, home improvement loans, and home loans.

3.2. Thus, the Amalgamation pursuant to this Scheme would, inter alia, have the following benefits:

(a) reduce duplicity of costs and resources through common infrastructure, field force, and risk management practices, back-office/support function synergies, single compliance framework, and shared technology systems;

(b) revenue and cost synergies including diversified mix of secured and unsecured products, wherein loan against property and small ticket secured loans originated by CFL will enhance the overall risk-adjusted yield profile of the consolidated entity;

(c) increase in long-term value by consolidating secured and unsecured lending under one entity, improving capital deployment and enhancing capital adequacy by pooling resources and removing structural overlaps;

(d) enabling entry into previously untapped markets, products and demographics, with customer sourcing now also including customers for products other than microfinance thus improving productivity of field staff and branches as well as aiding in improving branch level profitability;

(e) simplification of the group structure and streamlining of business operations and decision-making process and greater economies of scale and enhanced geographical reach, resulting in optimal and efficient utilization of capital;

(f) reduction in compliance costs for accounting, auditing, board meetings, secretarial procedures, etc. due to unification and streamlining of management of legal and regulatory compliances through a single compliance framework and simplified governance;

(g) growth enablement by providing scale and brand visibility to accelerate the combined entity's growth across geographies, reducing business risk by diversifying revenue lines across multiple products and customer base including growing a secured portfolio which

can be funded at a lower borrowing cost, thereby helping the organization reduce its overall borrowing costs.

(h) the amalgamation would ensure long term value creation and is in the best interest of the Transferor Company, the Transferee Company and their respective stakeholders.

Based on these evaluations and the expected benefits arising from the integration of secured and unsecured lending operations, the Board of the Transferee Company, at its meeting held on January 10, 2026, accorded in-principle approval for the Amalgamation and constituted a merger steering committee to negotiate and finalize its terms, such that the Amalgamation was conceived and initiated pursuant to a conscious Board decision taken during the financial year 2025-26; and (ii) the Amalgamation constitutes a business combination of entities under common control and is required to be accounted for under Appendix C to Ind AS 103, which mandates restatement of financial information for prior periods as if the combination had occurred from the beginning of the preceding reporting period (earliest reporting period). Designating April 01, 2025, as the Appointed Date accordingly aligns the accounting treatment under Appendix C to Ind AS 103, ensures preparation of harmonized financial statements, avoids complexities from multiple reporting periods, and bears a reasonable nexus to the objectives of the Scheme, being in the best interests of the Companies and its stakeholders.
